Address: Vikhroli kannamawar-2,
Mumbai 400083

EDUCATION:-

- **SSC Maharashtra Board:** 89% (Vikas High School)
- **HSC Maharashtra Board:** 55% (V.G. Vaze Kelkar College)
- **B.Sc Information Technology:** 8.03 CGPA (Vikas College of Arts, Science and Commerce)
- **M.Sc Computer Science:** 7.73 CGPA (Kirti M. Doongursee College of Arts, Science and Commerce)

TECHNICAL SKILLS:-

- **Languages**:- CORE JAVA
- **Databases**:- POSTGRESQL
- **BACKEND TECHNOLOGIES:** JDBC
- **Operating System :-** Linux

LANGUAGE :-

- ENGLISH
- MARATHI
- HINDI

Hobbies :-
- Swimming
- Outdoor sports

PROFILE :-

Passionate and dedicated recent graduate seeking to leverage academic knowledge and enthusiasm to contribute positively in [specific industry/field], while continuously learning and growing within a dynamic professional environment.

EXPERIENCE :- Fresher

Project Work :-

*Medicine Recommendation System
Technologies: Python (Flask, Jupyter Notebook), HTML, CSS
Project Link
- Developed a web-based medicine recommendation system using Flask (frontend) and Jupyter Notebook (backend).
- Built a classification model to predict medication based on user symptoms.
- Preprocessed data and fine-tuned algorithms like Random Forest and Logistic Regression for improved accuracy.
- Designed a responsive, user-friendly interface with HTML and CSS.

*Library Management System
- **Technologies Used:**
- **Backend:** Java, JDBC, MySQL
- **Frontend:** HTML, CSS, JavaScript
- Developed a Library Management System with full CRUD (Create, Read, Update, Delete) functionality.
- Utilized Java and JDBC to connect and manage data in MySQL.
- Designed a responsive user interface with HTML, CSS, and JavaScript.
- Integrated real-time data updates using AJAX for an improved user experience.
